with Australia's best Speakers and Facilitators”

TEAM COHESION - 'Serious Fun, Real Outcomes'  
'Get in the GO ZONE'

#### FORTRESS

Will you escape from the FORTRESS?

Fortress comprises of a series of mental and physical initiative tests. It is designed to make people work together to design and implement quality solutions. It's also designed to be great FUN! Mental acumen and cooperation are much more important than physical prowess.

The program replicates the working environment. Teams are given goals and tasks to overcome and it provides a strategy to see how they co-operate, communicate and solve conflicts.

Most importantly it highlights if they utilize the experience, knowledge and skills that exist within the group to overcome the challenges that confront them.

#### WIDGETS

Highlight the importance of Individual accountability!

Widgets is fast paced and very interactive. Widgets highlights the need for empathy and understanding of how each individual's role affects the entire outcome. Widgets encourages your team to take control of the process through end-to-end management of the task.

Widgets is a process improvement challenge, which is seemingly impossible, but soon comes to reality by everyone working together.

#### FULLY EXPOSED

Have fun and celebrate your success.

Working in small teams, the participants would be required to work their way in and around the venue and surrounding grounds answering questions, finding clues, overcoming obstacles, solving dilemma's and taking funny photographs along the way.

Don't just talk about your corporate values, demonstrate the behaviours you want to promote and capture the evidence for all to see. Using our digital cameras, your imagination and a structured set of guidelines, the teams are challenged to photographically illustrate the core values most vital to your organisation. The results are powerful, engaging and very entertaining.

#### BANANA REPUBLIC

A true catalyst for discussion and debate on ethics and your forward planning.

Banana Republic is a 'free form' experiential exercise (the rules are that there are no rules!). Focussing on negotiation and communication skills. Banana Republic brings to life the intrigue, power and money struggles of differing interest groups in a fictional developing country and your team is right in the middle of the action. Will your ethics and standards hold firm or is it true that money really is the universal language?

A lively, unpredictable and very revealing indoor exercise.

## COMMUNICATION

'Get in the GO ZONE'

If you or your staff are communicating the same way everytime, this session is for you! Fairness is communicating differently and a key attribute in all high performance teams is the ability of people to recognise each other's behavioural drivers and understand how to use that knowledge to get the most out of every working relationship.

Based on the DISC system of personality profiling, 'Knowing Yourself and Knowing Others ' will engage your team in a stimulating and very enjoyable 2 hour learning exercise. Highly Recommended!

## MOTIVATIONAL KEYNOTES

'Work/life balance & Being YOU'

You can't stop the waves but you can learn how to surf!

### TIME CREATION

Encompassing work life balance strategies, time creation and lifestyle skills, 'Time Creation' combines humorous anecdotes, practical tips, illusions and a dash of science to create a unique impact. For the personal development and business contributions of your team, it's the perfect presentation.

### IT'S NEVER NOT NOW

A unique presentation on finding your key purpose, eliminating all extraneous thoughts and being able to focus totally in the now. We guarantee you will never have experienced a presentation anything like this. **It is what it is!**

Who are you trying to please?

## FUN EVENING ENTERTAINMENT!

'It's time to kick back relax and enjoy!'

### MOVIE MADNESS

The Movie Madness race is on!

Time is ticking away. You will need to work together and have a keen sense of humour. Your team has to score as many points as possible in the time allowed, by remembering famous characters, situations and lines from great movies of the past 20 years. You'll also need to overcome obstacles and diffuse dilemmas both at your table and around the room.

### BOGAN BINGO

There are only two types of people in the world. The first type is Bogans and the second type is people who want to be Bogans. So fish out your flannel, dust off your moccasins and pray for your lucky numbers to come up.

## SALES TRAINING and INSPIRATION

'Get in the GO ZONE'

"Learn how to replicate the best Sales day you have ever had"

Practical, energetic sales training. Develop the skills to make your faith stronger than your fears.
